

Attorney Sidney Evering, shared these are **Minutes and Does Not Need to Be Recorded Verbatim**. The general summary of what's going on the Council for purposes provided as a record for future Council and for the Public. However, if a council member request a specific item be placed in the minutes we should have it.

Councilman Luongo, asked, what would the worst case scenario of ...? **WHAT COULD HAPPEN TO THOSE INDIVIDUALS LEGALLY, SUCH AS FINES AND SMALL CHARGES?** How do they deal with this if these things are not being noted?

Town attorney suggested he put in writing what he wanted added to the minutes so there would be no questions as to what was requested.

Councilman Luongo, put a request in to Clerk Treasurer Mrs. Harvey. Councilman Luongo wanted the actual recording of the minutes since we have been doing Teleconferencing, March to Present, so he can then go back and create a list. So he can see what he has been saying in the meetings.

The Mayor followed up with again the consideration for a motion to adopt the minutes of July 20- General Meeting and August 11, 2020 Budget Work Shop. The motion was presented via Councilman Woodrow Davis and Second by Councilwoman Linda Butler. Councilman Luongo vote (No) Councilwoman Simmons vote (No), Councilman Davis (Yes), Councilwoman Butler (Yes) if any corrections as needed and Mayor Sanders (Yes). The motion carried, the minutes were approved.

### **MAYOR AND COUNCIL COMMENTS**

Mayor shared, the following dates for Meetings:

First Reading of the Budget                      08-31-2020 @ 4:00
